Journal of the Mathematics Council of the Alberta Teachers' Association

Volume 50, Number 3

June 2013

**Celebrating 50 years: 1962–2012**

# Guidelines for Manuscripts

*delta-K* is a professional journal for mathematics teachers in Alberta. It is published twice a year to

- promote the professional development of mathematics educators, and
- stimulate thinking, explore new ideas and offer various viewpoints.

Submissions are requested that have a classroom as well as a scholarly focus. They may include

- personal explorations of significant classroom experiences;
- descriptions of innovative classroom and school practices;
- reviews or evaluations of instructional and curricular methods, programs or materials;
- discussions of trends, issues or policies;
- a specific focus on technology in the classroom; or
- a focus on the curriculum, professional and assessment standards of the NCTM.

## Suggestions for Writers

1. *delta-K* is a refereed journal. Manuscripts submitted to *delta-K* should be original material. Articles currently under consideration by other journals will not be reviewed.
2. If a manuscript is accepted for publication, its author(s) will agree to transfer copyright to the Mathematics Council of the Alberta Teachers' Association for the republication, representation and distribution of the original and derivative material.
3. All manuscripts should be typewritten and properly referenced. All pages should be numbered.
4. The author's name and full address should be provided on a separate page. If an article has more than one author, the contact author must be clearly identified. Authors should avoid all other references that may reveal their identities to the reviewers.
5. All manuscripts should be submitted electronically, using Microsoft Word format.
6. Pictures or illustrations should be clearly labelled and placed where you want them to appear in the article. A caption and photo credit should accompany each photograph.
7. References should be formatted consistently using *The Chicago Manual of Style's* author-date system or the American Psychological Association (APA) style manual.
8. If any student sample work is included, please provide a release letter from the student's parent/guardian allowing publication in the journal.
9. Articles are normally 8–10 pages in length.
10. Letters to the editor or reviews of curriculum materials are welcome.
11. Send manuscripts and inquiries to the editor: Gladys Sterenberg, 195 Sheep River Cove, Okotoks, AB, T1S 2L4; e-mail [gsterenberg@mtroyal.ca](mailto:gsterenberg@mtroyal.ca).

## CONTENTS

### FROM YOUR COUNCIL

From the Editor's Desk	2	<i>Gladys Sterenberg</i>
Conference Committee 2012	3	
Conference Fun 2012	4	
New Book Announcement	8	

### RETROSPECTIVE

Second Issue of the <i>Mathematics Council Newsletter</i> (April 1962)	9	
---	---	--

### READER'S RESPONSE

An Induction Proof of the Factorization of $a^n - b^n$	23	<i>Ron Persky</i>
--	----	-------------------

### FEATURE ARTICLES

Exploring Children's Literature in the Elementary Mathematics Classroom	24	<i>Gregory Bryan and Ralph Mason</i>
Goals of the New Elementary Mathematics Curriculum: The Power of Open-Ended Questions and Tasks	30	<i>Werner Liedtke</i>

### TEACHING IDEAS

An Exploration of Per Cents and Fractions Through a Study of Fractals	34	<i>Michael Jarry-Shore</i>
Catch Billy Miner	39	<i>Trevor Pasanen and Krista Francis-Poscente</i>
Interactive Whiteboards in Early Childhood Mathematics	46	<i>Sandra M Linder</i>
